

Join us for KIPP Academy Middle School's Science and Engineering Day!

Lunch with a Professional!

Science Carnival!

Awards!

Engineering Competitions!

Science Fair!

Service Learning - Outdoor Classroom Build!!

Description

S&E Day is a two day celebration of science and engineering. On Thursday, students will present independent research at a science fair. On Friday, all students will participate in festivities that highlight the STEM (Science, Technology, Engineering, and Math) fields. Some of these include engineering competitions, lunch with a scientist or engineer, and a service learning project (students build an outdoor classroom).

When: Thursday February 2, 2012 (2:30-4:30p)
Friday February 3, 2012 (7:50a-1:45p)

Where: KIPP Academy Middle School
10711 Kipp Way
Houston, Tx 77099

Volunteers Needed!!!

KAMS invites **professionals, professors, and graduate students in all STEM fields** to help with the following:

- Discuss and provide feedback for student science research projects (Thursday 2:30p-4:30p)
- Eat lunch with a small group of students and discuss your field of work - *Samples of your work - design plans, tools you use, etc. - are especially welcome to get students excited and asking questions!* (Friday 9:45a-1:00p)
- Help teachers facilitate the outdoor classroom build (Friday 9:45a-1:00p)

Please RSVP no later than January 26, 2012 to Amanda Whaley:
